USE OF FORCE POLICY

Staff should also refer to the whole school positive behaviour policy.

RATIONALE

- To maintain the safety of pupils and staff.

- To prevent serious damage to property.

At Belgrave St. Bartholomew's Academy we believe that the use of reasonable force is only necessary to prevent a pupil from:

- Injuring themselves or others.
- Causing damage to property, including their own.
- Committing a criminal offence.

The use of physical restraint will always be a last resort. All other behavioural management strategies and the whole school behaviour policy will be used and followed before physical intervention.

Wherever possible use of physical restraint will be carried out by a member of staff who has received MAPA (Managing the threat of Actual and Potential Aggression) Training (see list attached to policy). However, if there is an immediate need, this may not always be possible and the situation will be made as safe as possible and a member of the leadership team or a senior member of staff will be called to support and decide on the next course of action.

OUR VISION AND VALUES

“Being the best that we can be, together”.

“I can do all things through Him who strengthens me. Philippians 4:13”

Our CHERISH Values

Creativity, **H**umanity, **E**nthusiasm, **R**espect, **I**ntegrity, **S**pirituality, **H**ard work

MINIMISING THE NEED TO USE FORCE

- At Belgrave St. Bartholomew's Academy we aim to create a learning environment that is calm, positive and caring.
- Our established CHERISH Values and our PSHE/SMSC and fundamental values permeate throughout designated PSHE sessions, in cross-curricular activities and our clearly planned assembly timetable.
- Force will only be used when the risks involved in doing so are outweighed by the risks involved when not using force.
- Strategies and techniques that may be required for an individual will be included in the pupil's Educational Healthcare Plan or Pupil Passport. Written guidelines on the use of positive handling techniques need to be agreed or approved by all relevant parties including parents or guardians.

USING FORCE

- Wherever practically possible, trained staff (MAPA) will be sent prior to any physical handling of a pupil, although situations may arise when immediate intervention is necessary.
- Force where used, should always be reasonable. There is no definition of 'reasonable force' it should always be proportional to the circumstances of the incident. It should only be used to control or restrain. It must therefore, be the minimum needed to achieve the desired result.

- Staff should always avoid touching or holding a pupil in a way that might be considered inappropriate.
- In using physical restraint, the level and duration of the restraint will always be the minimum necessary to restore safety. In any action, due regard has to be taken to the age, understanding and sex of the pupil. Knowledge of the pupil is a key factor in the judgements that will be made.
- Staff as far as possible should not use force unless or until another member of staff is present to support, observe or call for assistance.
- A clear verbal warning should be given to the pupil that force may have to be used.
- Types of force that could be used:
 - Physically interpose between students
 - Block a pupil's path
 - Hold (not around neck area)
 - Lead a pupil by the hand or arm
 - Shepherd a pupil away by placing your hand in the centre of their back
 - In extreme cases (such as self defence or to protect any pupil or adult) – more restrictive holds (MAPA – where possible)

RECORDING INCIDENTS

- Where restraint has been necessary, the Principal *must* be informed immediately. In the event of their absence, a member of SLT *must* be notified.
- The incident must be recorded on CPOMS (Child Protection Online Monitoring System) for the appropriate pupil/s.
- Staff involved in the incident must be given time to 'de-brief' with comments recorded in the report.
- Pupil's comments are recorded on CPOMS.
- There will be an appropriate time set after the incident for staff and pupil involved to meet.
- In the event of an injury occurring, 'The Accident Book' should be completed for all first aid given (First Aid store located in the room at the back of the school hall and the Lightwell Areas).
- Parents of pupils involved will always be advised of an incident and it may be necessary and it may be necessary for it to be followed up by other disciplinary action or pastoral support.
